AFTER March 4th there will be but one Democratic member of the United States Senate from the North.

IN the Oklahoma Constitutional Convention the provision providing for woman suffrage was stricken out and the voting privilege extended to males only.

THE Rivers and Harbors Bill as it passed the House carries an appropriation of \$83,000,000. It is the largest amount ever voted by the House for the purpose.

THE death of the Hon. PRESTON H. LESLIE removes one of the sturdy men of olden times. He was twice Governor of Kentucky and later Governor of Montana Territory.

IT is estimated that hereafter the Government will save the sum of \$5,000,000 annually as a systematic graft it has been paying to railroads for carrying the mails for a number of years.

THE newest bill to receive a favorable committee report in Congress is the one which makes it unlawful to either give or receive tips in any hotel or eating-house in the District of Columbia.

SENATOR BAILEY lost his head in the Legislative Committee room in Austin, Texas, and called one of the witnesses a liar. The Senator later apologized when the witness wanted to fight back. Joe is getting in bad all around.

THIS is unkind to young Senator BEVERIDGE. The House Committee on Judiciary has submitted a report, in which it states emphatically that the Committee is of the opinion that Congress has no jurisdiction or authority over the subject of woman and child labor.

PREPARE for the worst. RICHMOND PEARSON Hobson predicts war with Japan and says we will get licked. Since his removal to Washington City Captain Hobson has had bad dreams and sees things. He's getting lobsternized like one WEBSTER DAVIS.

THAT old chestnut, the Reed Smoot case, is up for annual discussion again in the Senate. February 20th is the date now set for a vote on the unseating of Senator Smoot, but as the vote of Smoot himself has been so often used and traded upon in the Senate it is doubtful if he ever will be ousted. "Smoot will not be unseated," said Senator BLACKBURN. "It is a question whether the Senate will vote on the matter at this session. A majority vote cannot be got again. Talk of getting the necessary two-thirds to expel is absurd. I think a majority of the Democrats will vote to unseat Smoot."

THE first gun in the campaign for new and modern school buildings for Maysville has been fired and the actual work of construction will soon begin. THE LEDGER hopes to see beautiful and modern structures rise to cheer the heart of every child of school age in the city. It is to be hoped that gymnastics and general physical culture will occupy prominent places in the modern curriculum, and that the new High School structure particularly will afford every facility for the development of the body as well as the brain of every child that enters its portals. Not strenuous athletics, but the physical exercise that strengthens without weakening the body, while it makes the mind work to the rhythm of the healthy body.

ENDED THE CHITLING FEAST.

When the Negroes Saw the Policemen
They Fairly Flew.

The other night two policemen were walking along Vine street when they met an old negro "grandma" coming out of a grocery store with her arms full of packages, says the Kansas City Star.

"Must be goin' to have a feast at your house," said one of the officers. "Goin' to have a chitlin' supper tomorrow night," replied "grandma." "Drap in an' git a bite."

The next night the two officers happened to be passing the house where the old negro "mammy" lived. Sounds of high revelry floated out on the night air.

"Let's go in and see what chitlings are," said one of the officers to the other. "I have heard of such edibles, but don't know what they are like."

"All right, I'll go you."

The officers knocked at the door. Instantly all became silent inside. Then the door was opened a crack. The negroes inside caught sight of the blue clothes and brass buttons.

"Good heavens," some one shouted, "it's the big law."

At once there was a wild scramble to get out. Some went out the back door, but most of them made a dive out the windows, taking sash, glass and all with them. When the officers got inside not a soul was there except the old negro "grandma," and she was laughing until the tears ran down her face.

"What's the matter with all your guests?" asked one of the policemen.

"Why, you all know them niggards believes theyaint no justice in the law," she answered. "But I'se mighty glad you come, cause my ole manaint done a tap o' work for a year. Heen tellin' me 'bout his roomatiz an' a limpin' an' a groanin' aroun'—coidn't scarcely move, but he was the fust man out o' that windo'—just flew like a dead. Now he's got to go to work. Heahnt got no mo' roomatiz on a rabbit."

Big Rats of Wheeling.

The Pied Plier of Hamelin could reap a fortune were he to spend a day in this city, says a Wheeling (W. Va.) correspondent. Rats as large as good-sized cats are swarming in the mills of this city, and in several of the workmen have threatened to walk out unless the invasion is checked.

Some of the tales are wonderful to relate. In one factory, according to well-authenticated reports, a rat was seen to take a tin pall in one of its paws and trot away on the other three feet. Another deftly took the lid off a pall in order to get at the needles he knew were inside. Another dragged a dinner basket by his tail, but was unable to get the basket

THANKFUL

To my many friends and the public generally who have in the past extended to me such a liberal share of their patronage, which has helped so materially in making my business career in Maysville such a success: I want to assure all that I fully appreciate what they have done for me, and promise that I shall, by renewed efforts, endeavor to retain the confidence of the public by pursuing the same course of fair dealing and attention to the welfare of the public in the future as in the past and selling the very best goods at the most reasonable prices.

My stock is now the largest and most varied it has ever been my pleasure to offer to the public, consisting of every article in the Simple and Fancy Grocery line. These goods are fresh and new and of the very best quality. My last shipment of New Crop Orange Marmalade is now in, and they are strictly fancy, and in spite of the fact that prices on these goods have materially advanced I am still selling them at a very low price of 80¢ per gallon. My stock of CANNED GOODS is unusually large, and the quality of the very best.

The demand for P. E. FECTION FLOUR is rapidly growing because it is beyond a doubt the very best flour sold in Maysville or that can be made.

The run on my flour blends has been enormous and is constantly increasing. I am still selling these fine goods at 15c, 20c and 25c per pound, and if you want a strictly fancy high grade flour, and also a flour that will keep, I will sell you a sack of it at 35¢ per pound.

A big invoice of very fine Premium Clunywax just in, a sample of which may be seen in my warehouse window. These goods I give to my CASH customers in redeeming tickets given out with their cash purchases. Until further notice DOWNTOWN CLOTHES will be given with each cash purchase, and when you take advantage of this privilege, the same purchaser will very soon receive enough tickets to secure a fine set of china FLIT E OF COST.

I buy strictly fancy Table Butter, Fresh Eggs and Country Produce generally, for which I pay cash or trade at lowest cash prices. I want everyone to come and see me; we are always welcome. If you don't want to buy it will be a pleasure for me to show you the neatest, the cleanest and the best kept store in Northeastern Kentucky. Thanking all again, I am most sincerely,

The Best Meat-Smoking Process

The new process of coating meat with a purified essence of smoke is far superior to the old, crude way of meat smoking. The new process deposits only what is needed to preserve and flavor, while the old way deposits soot and much else that's undesirable.

Chenoweth's Liquid Meat Smoke

Insures perfect results. The meat looks better, tastes better, is heavier, as juices are not dried out by heat, keeps better and it is better protected against insects.

TIME IS THE TEST.

The Testimony of Maysville People
Stands the Test.

The test of time is what tells the tale. The
public soon finds out when misrepresentations
are made, and merit alone will stand the test of
time.

Maysville people appreciate merit, and many
months ago local citizens publicly endorsed
Doan's Kidney Pills; they do so still. Would a
citizen make the statement which follows unless
convinced that the article was just as represented?
A cure that lasts is the kind that every sufferer from kidney ills is looking for.

George N. Crawford, blacksmith and wheel
wright at Second and Lee streets, and living at
216 Lee street, Maysville, Ky., says:

"In the spring of 1901 I gave a testimonial
telling what Doan's Kidney Pills had done for
me, and I am pleased to say I can just as warmly
recommend this remedy now as I did then. No
other medicine ever gave me such prompt and
positive relief from backache and kidney trouble
as Doan's Kidney Pills. I believe them to be by
far the best remedy for the kidneys there is.
Sufferers from such troubles ought to give it a
trial."
